

Motorsport Equipment Loans - Terms and Conditions

BMWCCV is very pleased to be able to offer motorsport equipment loans to assist in member safety and driver training.

Only financial BMWCCV members can borrow BMWCCV equipment.

Equipment should be:

1. Requested in a timely way in advance of an event by registering the date and type of equipment required on the BMWCCV Events Portal
2. Collected on the day of the event generally unless negotiated otherwise
3. Returned to an authorised Club officer – most commonly the Motorsport Captain
4. Returned undamaged and on time, generally immediately after event completion

NOTE: It is the responsibility of the borrower to ensure that they have registered the return of the equipment electronically on the Events portal to ensure the borrowing record on the Events portal/database is cleared off.

Equipment must not be:

1. Loaned to anyone else even if a BMWCCV member
2. Used for any other purpose apart from BMWCCV events
3. Returned in a rush with just a verbal handover – the borrower must register the return of the equipment on the BMWCCV Events portal, generally using their mobile phone before leaving the event

Members must:

- Acknowledge when registering to borrow equipment that, if any equipment is damaged or lost, that they will pay for repair or replacement of the equipment (this excludes fair wear and tear)
- Treat the Club's equipment with care and respect
