Victoria

Cancellation Policy and Event Attendance Terms and Conditions

Where an event does not incur costs to BMWCCV, a full refund will be provided.

Booking venues and hiring equipment for functions sometimes requires an upfront commitment for attendee numbers and payment. In order to be fair to all Club members, your assistance is requested to ensure events are viably run for the benefit of all. Please give as much advance notice as possible if your ability to attend an event changes.

Where an event requires the club to pay an external organisation or supplier, the club will liaise with them to try to secure full refunds for members or offer alternative options. Usually, a full refund can be provided if a member cancels more than 28 days before the event. Partial refunds may apply if cancellation is between 7 and 28 days. Any cancellation terms different to the above will be specified within the BMWCCV event description.

Where an event is run by an external organisation, the terms and conditions and cancellation policy of that organisation will take precedence over the BMWCCV's standard cancellation processes.

The Club reserves the right to cancel an event and will refund fees paid or offer alternatives where appropriate.

All event attendees, whether the event is free or requires a fee payment, agree to comply with the Club's Rules, Codes of Conduct and Policies as published on the [BMWCCV website](#).

Please do not attend an event if you are unwell and or could potentially infect others.
